School Improvement Plan 2023-2024

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the Strategic Plan, designed to help district leadership make the necessary connections between school and district system initiatives supporting the district commitment to excellence and equity. The SIP is a “living document” continually monitored, refined and used by schools to guide their work throughout the year.

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating school improvement strategies that impact a positive school culture and environment.

3. Describe how the school involved parents and the community in developing this plan and how it will be shared with all stakeholders and in a language parents can understand.
4. Describe how the school addresses building a positive school culture and environment.
5. Identify stakeholders and their role in promoting a positive culture and environment at the school. Stakeholder groups may include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

6. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.
