School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

- 1. All state and rule requirements for public district and charter schools.
- ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
- 3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Lawton Chiles Middle School is a collaborative environment embracing diversity and supporting the local community. We focus on developing students to be productive lifelong learners and compete on a global scale through self-directed learning, critical thinking, creative expressions, and inquiry based study.

Provide the school's vision statement

Lawton Chiles Middle School will provide a 21st century, high quality education experience for all students. Instruction will be diverse, differentiated, and enriched to ensure growth, knowledge, and success for all.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Dr. Melissa Laudani

melissa_laudani@scps.k12.fl.us

Position Title

Principal

Job Duties and Responsibilities

Reading Department, Community Relations, Instructional Model, Curriculum, Human Resources, School Finance, Leadership Development

Printed: 10/09/2025 Page 2 of 35

Leadership Team Member #2

Employee's Name

Mrs. Lauren McDonald

lauren_fedi@scps.k12.fl.us

Position Title

Assistant Principal

Job Duties and Responsibilities

Math, Exceptional Student Education, Threat Assessment Chair, Discipline Support, Testing Support, Substitute Support, Bell Scheduling, Title IX, PTSA

Leadership Team Member #3

Employee's Name

Mrs. Dana Richardson

dana richardson@scps.k12.fl.us

Position Title

Assistant Principal

Job Duties and Responsibilities

Science, Social Studies, School Counselors, Master Schedule, IS Advisory, Advanced Opportunity, High School and Elementary Articulation, Multi-Tiered System of Supports, New Educator Support Team, Virtual School, and ADA Support

Leadership Team Member #4

Employee's Name

Dr. Jonathan Taylor

jonathan_taylor@scps.k12.fl.us

Position Title

Assistant Principal

Job Duties and Responsibilities

Language Arts, Electives, Program of Emphasis, Professional Development, Gradebook Support and Technology Support, Inventory, New Teacher Induction, SAC Coordinator, School Improvement Plan, ID Manager, Community Service/Dividends Coordinator, Field Trips

Printed: 10/09/2025 Page 3 of 35

Leadership Team Member #5

Employee's Name

Dr. Tricia Bridges

Tricia_Bridges@scps.k12.fl.us

Position Title

School Administration Manager

Job Duties and Responsibilities

Discipline, HOPE, Positive Behavior Intervention Support, Transportation, Tutorial Programs, Culture and Climate Committee Lead, Threat Assessment Co-Chair, Employee of the Year Coordinator

Leadership Team Member #6

Employee's Name

Dr. Stacey Smith-Davis

stacey_smith-davis@scps.k12.fl.us

Position Title

School Administration Manager

Job Duties and Responsibilities

Testing Coordinator, Facilities and Maintenance, Emergency Management, Extracurricular Activities, Surplus Coordinator, Teacher of the Year Coordinator

Leadership Team Member #7

Employee's Name

Ms. Paige Brinker-Martin

paige_brinker-martin@scps.k12.fl.us

Position Title

Literacy Coach

Job Duties and Responsibilities

Instructional support for reading, language arts, science, social studies, and Multi-Tiered System of Supports.

Leadership Team Member #8

Employee's Name

Mrs. Lacey Edwards

Printed: 10/09/2025 Page 4 of 35

polkln@scps.k12.fl.us

Position Title

Math Coach

Job Duties and Responsibilities

Instructional support for math, and Multi-Tiered System of Supports.

Leadership Team Member #9

Employee's Name

Mrs. Terra Nystrom

terra_nystrom@scps.k12.fl.us

Position Title

Curriculum Leader for Science

Job Duties and Responsibilities

Department Chair for all grade level Science

Leadership Team Member #10

Employee's Name

Mrs. Jennifer Capp

jennifer capp@scps.k12.fl.us

Position Title

Curriculum Leader for Social Studies

Job Duties and Responsibilities

Department Chair for all grade level Social Studies

Leadership Team Member #11

Employee's Name

Ms. Kelly Napierata

kelly_napierata@scps.k12.fl.us

Position Title

Curriculum Leader for Math

Job Duties and Responsibilities

Department Chair for all grade level Math

Printed: 10/09/2025 Page 5 of 35

Leadership Team Member #12

Employee's Name

Dr. Melissa Vardas

melissa_vardas@scps.k12.fl.us

Position Title

Curriculum Leader for Language Arts

Job Duties and Responsibilities

Department Chair for all grade level Language Arts

Leadership Team Member #13

Employee's Name

Mrs. Patricia O'Neill

patricia_oneill@scps.k12.fl.us

Position Title

Curriculum Leader for Electives

Job Duties and Responsibilities

Department Chair for all grade level Electives

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The teachers and administrators use multiple strategies to contact families, including but not limited to (1) contacting families prior to the start of school to welcome the students to the new school year, (2) inviting families to curriculum night to meet teachers and staff and to learn about the curriculum, (3) providing access to school grades, progress monitoring data, and other relevant achievement information through Skyward (4) ensuring students have evidence of "owning their data" and scheduling student led conferences as applicable, (5) inviting families to participate in SAC and PTSA boards, (6) inviting families to attend PTSA meetings and participate in school related events, (7) using multiple genres of social networking as well as sending electronic/paper-based newsletters to

Printed: 10/09/2025 Page 6 of 35

Seminole CHILES MIDDLE SCHOOL 2025-26 SIP

families on a regular basis, (8) advertising events on school marquee, (9) and numerous other outreach strategies developed by school staff.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Lawton Chiles Middle School will continuously collaborate with our parents, business partners, mentors, colleges and universities to bring forward and relate individual and real-world experiences and perspectives. Dialogue to learn from and about one another and to engage in higher level thought processes. We will reflect, individually and collectively, to bring meaning to information shared and to create new solutions that work in the unique context of a school setting.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The most improved data component is learning gains in Language Arts for the ESE sub-group 46% (an increase of 7%). Also, 81% of our 8th grade students were proficient on their 2024-2025 ELA statewide assessment, which consists of standard and advanced.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest performance is our students with disabilities. This sub-group had a learning gain of 7% ending with a sub-group score of 46%; also, only 28% of our 8th grade students were proficient on their 2024-2025 Spring math statewide assessment, which consist of standard math. The district average was 34% for the 8th grade math sub-group. Some contributing factors are, but not limited to, the gaps in their foundational skills for the students; math becomes more complex, requiring students to transition from arithmetic to more abstract thinking. Also, students may have difficulties due to language weakness or barriers, such as difficulty with vocabulary.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The greatest decline is in the area of 8th grade Math. FAST scores from 2025 are 28% proficient, FAST scores from 2024 are 22% proficient, FAST scores from 2023 are 31% proficient.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Based on the state average of 56% for the FAST 2025, the greatest gap was grade 8 standard Math, which is at 28% proficiency. Factors that contribute to the gap are student gaps in Math vocabulary, task perseverance, and high rates of student absenteeism.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Printed: 10/09/2025 Page 20 of 35

Seminole CHILES MIDDLE SCHOOL 2025-26 SIP

SWD need more academic support to increase the learning gap for ELA and Math

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Our highest priorities for the school year is to 1) make sure the lessons aligned to the state academic standards with the goal of mastery by the end of the course for math, language arts, science, and social studies 2) Ongoing feedback between the leadership, teachers, students, and families 3)The teachers and leaders working in collaborative PLCs to address the need to strive for excellence in all the classrooms for all students.

Printed: 10/09/2025 Page 21 of 35

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

We want our students to know and be able to demonstrate their thinking and understanding of the content by encouraging student work to be at the center of the lesson. Students will engage in cooperative learning to enhance group processing, individual accountability, positive independence, and social skills.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Our SWD scores increased by 7% from the prior year 2024. However, this subgroup lags behind the other subgroups with learning gains and proficiency. Our measurable outcome is to have a 4% increase with our SWD students. Our SWD performed the lowest on the 8th grade Science assessment at 29%.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This year, the literacy coach, math coach, principal, and assistant principals, will give each reading/ language arts and math classes academic support to increase the learning gaps for comprehension, fluency, and written expression. We will monitor all students by having data and benchmark reviews and chats with teachers; offer support facilitation in the general education classes; S3 Vocabulary; and effective feedback for teachers when classroom walkthroughs are given. In addition professional learning in the area of Universal Design for Learning (UDL) will also be given for all teachers.

Person responsible for monitoring outcome

Leadership Team

Evidence-based Intervention:

Printed: 10/09/2025 Page 22 of 35

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The following evidence-based interventions are available to middle schools to help them support students based upon the area of need of the individual student: Content Area Reading (demonstrates a rationale), iReady (moderate evidence), Lexia (strong evidence), Corrective Reading (strong evidence), and Reading Mastery (promising evidence), Universal Design for Learning (UDL), Vocabulary instruction, both implicit and explicit.

Rationale:

A variety of interventions are available to the schools to allow them to meet the needs of individual students. This allows all the areas of reading to be addressed from foundations to comprehension across the K-12 continuum. All of the listed interventions have been included in the K-12 Comprehensive Evidence- Based Reading Plan.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence, Tier 3 – Promising Evidence

Will this evidence-based intervention be funded with UniSIG?

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Academic support using interventions that have research-based evidence for efficacy.

Person Monitoring: By When/Frequency:

Leadership Team Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

In the area of literacy, performance data from FAST, iReady, or benchmark assessments in secondary schools are used to progress monitor whether core instruction is meeting the needs of students. A benchmark of 80% of students being at or above the 26th percentile is used to monitor whether further supports are needed. This data along with the data from district leadership walkthroughs in language arts, math, science, and social studies classrooms are used by assistant superintendents to help school leaders problem solve after the administration of these assessments.

Action Step #2

Teachers will examine focus strategies (UDL, vocabulary, etc) to increase student participation and engagement in the classroom.

Person Monitoring: By When/Frequency:

Leadership Team Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The teachers will use measurable data to inform instruction and plan activities to address student interventions, extension of learning, and remediation.

Printed: 10/09/2025 Page 23 of 35

Action Step #3

Instructional Training

Person Monitoring: By When/Frequency:

ELA/Math Leaders Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Math coaches, literacy coaches, classroom teachers, and school administrators will receive a variety of professional learning and targeted support through district-facilitated trainings throughout the school year. Literacy coaches will meet monthly with district curriculum specialists to analyze reading data based on Tier 3 intervention programs, review instructional strategies, and prepare professional learning to present to classroom teachers on their campuses. Math coaches will meet monthly with district curriculum specialists to analyze math data based on Tier 3 intervention programs, review instructional strategies, and prepare professional learning to present to classroom teachers on their campuses. School administrators will meet with district curriculum specialists quarterly to review data points and benchmark-aligned instructional strategies. In addition, schools will receive targeted support from district curriculum specialists to facilitate the use of differentiated instructional techniques based on individual student needs. Professional learning will also be given to support facilitators and the teachers in the classroom that they support students in through school and district professional learning opportunities through FLDRS and SCPS trainers.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

A focused effort on improving Math instruction for 8th grade Pre-Algebra students is essential due to persistently low proficiency rates on statewide assessments. In the 2024–25 school year, only 28% of students in Pre-Algebra demonstrated proficiency, which is significantly below both the district average (33%) and the state average (56%). This gap highlights a critical need for targeted instructional support. Contributing factors include foundational skill deficits, limited Math vocabulary acquisition, and challenges with abstract reasoning as students transition from arithmetic to Algebraic thinking. Additionally, high rates of absenteeism and low task perseverance further compound learning loss. Addressing these issues through evidence-based interventions, differentiated instruction, and strategic progress monitoring will be vital to closing the achievement gap and ensuring students are prepared for high school-level Mathematics.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Printed: 10/09/2025 Page 24 of 35

By the end of the 2025–26 school year, at least 40% of 8th grade Pre-Algebra students will score Level 3 or higher or make a learning gain, on the statewide Math assessment, representing a 12 percentage point increase from the previous year's proficiency rate of 28%. Progress will be tracked through Quarterly Benchmark Assessments, and FAST interim data to ensure students are on pace to meet this goal.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This year the math coach, principal, and assistant principal over math will provide academic support to students and instructional support to teachers in the Pre-Algebra classes and all math classes. Support for all Math students and Math teachers is important for this year's students and the continued growth and development of students in 6th and 7th grade standard level math. Students will complete district aligned Math benchmark assessments each quarter and two progress monitoring assessments (FAST Math). Math teachers will meet in PLC's to analyze student work, review formative assessment data, and plan reteach strategies. Administration and coaches will conduct regular walkthroughs focused on SCPS defined Instructional Priorities.

Person responsible for monitoring outcome

Leadership Team

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

This area of focus targets improving math achievement among 8th grade students enrolled in Pre-Algebra. Instruction will emphasize foundational skill development, math vocabulary acquisition, and conceptual understanding through cooperative learning, differentiated instruction, and targeted interventions. Teachers will implement evidence-based strategies such as small group instruction, S3 Vocabulary routines, and Universal Design for Learning (UDL) to increase engagement and accessibility. Students will participate in regular data chats and goal-setting activities to foster ownership of their learning. Progress will be monitored through benchmark assessments, FAST Math assessments, and weekly PLC reviews to ensure instructional adjustments are responsive to student needs.

Rationale:

The rationale for this focus stems from the 2024–25 statewide assessment results, which showed that only 28% of 8th grade Pre-Algebra students scored proficient, significantly below the state average of 56%. This represents the largest achievement gap across all tested subjects at Lawton Chiles Middle School. Contributing factors include gaps in foundational math skills, limited academic vocabulary,

Printed: 10/09/2025 Page 25 of 35

and challenges with abstract reasoning. Additionally, high absenteeism and low task perseverance have negatively impacted student performance. Addressing these barriers through targeted instructional support and strategic monitoring is essential to closing the proficiency gap and preparing students for success in high school mathematics.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Academic Support using interventions that have research-based evidence of efficacy.

Person Monitoring: By When/Frequency:

Leadership Team Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

To address the low proficiency in 8th grade Pre-Algebra, the school will implement targeted instructional strategies and interventions. Teachers will use QBA's and FAST data to identify students needing remediation and provide small group instruction focused on foundational skills and Math vocabulary. Weekly PLCs will be used to analyze student work and adjust instruction based on formative assessments. Classroom walkthroughs will focus on engagement strategies and vocabulary integration, with feedback provided to teachers. Students will be receiving individualized instruction through iXL Math program. iXL student path will be determined by FAST PM1 Math results and adjusted based on QBA student results.

Action Step #2

Student Data Tracking and Goal Setting

Person Monitoring: By When/Frequency:

Teachers/Leadership Team Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement a structured data tracking system where each 8th grade Pre-Algebra student maintains a personal data folder to monitor progress on key assessments, including FAST assessments, Quartely Benchmark Assessments, and classroom formative tasks. Students will engage in quarterly data chats with their Math teacher to review performance, reflect on growth, and set individualized goals. This process will promote student ownership of learning and allow teachers to tailor instruction based on real-time data. The leadership team will monitor implementation through periodic folder checks and feedback during PLCs.

Action Step #3

Instructional Training

Person Monitoring: By When/Frequency:

Leadership Team/Math Leaders Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Printed: 10/09/2025 Page 26 of 35

Math coaches, literacy coaches, classroom teachers, and school administrators will receive a variety of professional learning and targeted support through district-facilitated trainings throughout the school year. Math coaches will meet monthly with district curriculum specialists to analyze math data based on Tier 3 intervention programs, review instructional strategies, and prepare professional learning to present to classroom teachers on their campuses. School administrators will meet with district curriculum specialists quarterly to review data points and benchmark-aligned instructional strategies. In addition, schools will receive targeted support from district curriculum specialists to facilitate the use of differentiated instructional techniques based on individual student needs. Professional learning will also be given to support facilitators and the teachers in the classroom that they support students in through school and district professional learning opportunities through FLDRS and SCPS trainers.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

During the 2024-2025 school year, there were 29 - 6th grade students, 41- 7th grade students, and 77 - 8th grade students with fifteen or more unexcused absences. This is a total of 24% compared to the 2023-2024 school year which was 22%.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Based on the 24% of students with fifteen or more unexcused absences in the 2024-2025 school year, we will decrease the number of students with 15 or more unexcused absences by 5%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Teachers and administrator will use multiple strategies to collaborate with students and parents to monitor student achievement.

Person responsible for monitoring outcome

All teachers and administrators

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the

Printed: 10/09/2025 Page 27 of 35

evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

All levels- State statute requires that school teams shall be diligent in facilitating intervention services and make all reasonable efforts to resolve nonattendance behavior. Using the MTSS problem-solving model, teams are responsible for providing and monitoring appropriate interventions for individual students. To ensure students are provided with the necessary resources and interventions, schools should form comprehensive teams with clear roles and responsibilities.

Rationale:

All levels-Through the use of evidence-based intervention supports, schools invest in fostering a culture that promotes engagement and attendance. However, some students struggle to attend school regularly. Unchecked absences can lead to lower achievement levels and gaps in knowledge that may prove challenging to overcome. It is critical for students and families to understand that absence due to arriving late, or missing full days, whether excused or unexcused can negatively affect learning. Efforts to curb tardiness, chronic absenteeism, and truancy can address the needs of students and families, mitigating student failure.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence, Tier 3 – Promising Evidence

Will this evidence-based intervention be funded with UniSIG?

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Our school will decrease the fifteen unexcused absences rate from 24 to 19 for the 2025-2026 school year.

Person Monitoring: By When/Frequency:

All teachers and administrators Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The action steps will be for the teachers to call home after the student misses three consecutive days. Also, after three consecutive days, we will send home a five, ten, and fifteen day letter, as needed, home to the parents regarding unexcused absences. In addition, our school social worker and school counselors are other resources to support the student and parents.

Action Step #2

Our teachers and administrators will make positive connections with all students by creating a positive culture and climate on our campus.

Person Monitoring: By When/Frequency:

All teachers and administrators Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The actions steps will be for the teachers and administrators to implement the 1:1 intervention with teacher / administration to build positive and purposeful relationships with the students; mentorship

Printed: 10/09/2025 Page 28 of 35

Printed: 10/09/2025 Page 29 of 35

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

Printed: 10/09/2025 Page 30 of 35

1114(b)(5) and 1116(e)(4)).

No Answer Entered

Printed: 10/09/2025 Page 31 of 35

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

Printed: 10/09/2025 Page 32 of 35

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSIor CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

Printed: 10/09/2025 Page 33 of 35

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No
